

Type NT-G GRP Tower

NT-G type GRP tower can use for navigation leading beacon tower, dike lantern tower and other onshore beacon. On GRP tower, navigation equipment such as marine lantern, leading light, radar beacon, solar power system and other control device can be installed.

GRP tower has characters of light weight, easy transport and installation, high strength, anti corrosion, sharp color, high durability and low maintenance.

We are willing to design and manufacture GRP towers to meet customers' special requirements, provide navigation equipment and site service.

Type	Height	Base dia.	Tower dia.	Platform dia.	Base bolt
NT5-G	5m	1m	1m	1.53m	16-M16×1200 PCD900
NT7-G	7m	1.8m	1m	1.53m	24-M16×1500 PCD1700
NT10-G	10m	1.8m	1m	1.53m	24-M16×1500 PCD1700
NT12-G	12m	1.8m	1m	1.53m	24-M16×1500 PCD1700
NT16-G	16m	4m	3m	4m	48-M24×1500 PCD3900
NT20-G	20m	4m	3m	4m	48-M24×1500 PCD3900
